1. OVERVIEW

1.1. INTRODUCTION

The purpose of this RFP is to solicit proposals from vendors that have off-the-shelf technology that supports the needs of the State. We will consider proposals from single Contractors or from multiple Contractors working as a team. The ideal Contractor(s) will have prior experience completing training plans of this kind.

1.2. BACKGROUND

In March 2009, the Auditor of the State of Hawaii released report 09-06 entitled "Audit of the State of Hawai'i's Information Technology: Who's in Charge?" which identified numerous shortcomings in the way the State managed its information technology. In response, the Legislature passed Act 200 in 2010, amended by Act 84 in 2011, establishing the position of State Chief Information Officer (CIO) to oversee the State's IT policies and investments.

The State of Hawaii hired its first full-time CIO, Sanjeev "Sonny" Bhagowalia, on July 6, 2011. At the same time, the Office of Information Management and Technology (OIMT) was established to provide the support to the CIO in developing the statewide Information Technology (IT) Strategic Plan. The scope of this effort has recently been increased to reflect the need for simplifying and streamlining the State's business processes in concert with modernization of the information technology. This comprehensive plan, being developed jointly by the CIO and the State's Business Transformation Executive, is called the State of Hawai'i Strategic Transformation Plan ("Plan").

The Plan, which was delivered to the Governor in July 2012, presents an 11-year phased approach to reengineering the State's business processes and consolidating all of the State's Information Technology (IT) and Information Resource Management (IRM) needs into a coherent, federated enterprise architecture to reduce costs, deliver better services to the public, increase efficiencies in State government, provide greater accountability and transparency, reduce energy use and environmental impacts, and enhance network security.

Part of the plan relies on more training for the State's IT personnel. The purpose of this RFP is to establish a training environment where the State's IT workforce can be efficiently and effectively trained in the tools, techniques, and skills they will need to assist with the transformation. The first phase of this environment will be a technology training room with 20 stations for students and instructors, one server to deliver the operating system and applications to the clients, and one thick client for image management. The technology training will include web-based applications, webinars, and applications installed on the State's network. Each student workstation must be identical. The system requires the ability to configure, set up, and provision the student desktops according to the needs of the particular training being conducted. At the conclusion of the training, the student workstations in the training room must be able to be reset to a default, standard configuration.

1.20. BASIS FOR SELECTION

Based on the evaluation process discussed in Section 4, the highest scored responsible and responsive Offeror will be selected.

1.22. NOTICE TO PROCEED

The RCUH shall not be responsible for work done, even in good faith, prior to the RCUH’s execution of an Agreement for Services unless specific provisions are made in the Agreement.

1.23. CHANGES TO CONTRACTOR’S FEE

It is recognized that financial audit disallowances and other changes may require adjustments in the compensation due to the Contractor. In the event that future actions would either disallow or minimize the payments already made to the Contractor, the Contractor shall assist the RCUH in defending the correctness of the claim for reimbursement. If the disallowance or adjustment is upheld, then the Contractor will participate in the payback to the extent the amount of the disallowance or adjustment contributed to the total fee received by the Contractor. Payment to the RCUH shall be made within THIRTY (30) calendar days from which official notice is received by the Contractor from the RCUH.

5.11. INDEMNIFICATION AND DEFENSE

The Contractor shall defend, indemnify, and save harmless the RCUH, its officers, employees, and agents from and against all liability, loss, damage, cost, and expense, including all attorneys' fees, and all claims,

suits, and demands therefore, arising out of or resulting from the malicious, reckless, or negligent acts or omissions of the Contractor or the Contractor's employees, officers, agents, or subcontractors occurring during or in connection with the performance of the Contractor's services under this Agreement. The provisions of this paragraph shall remain in full force and effect notwithstanding the expiration or early termination of this Agreement.

5.12. DISPUTES

No dispute arising under this Agreement may be sued upon by the Contractor until after the Contractor's written request to the RCUH to informally resolve the dispute is rejected, or until ninety (90) days after RCUH's receipt of the Contractor's written request, whichever comes first. While the RCUH considers the Contractor's written request, the Contractor agrees to proceed diligently with the provision of services necessary to complete the Project.

5.13. CONFIDENTIALITY OF MATERIAL

All material given to or made available to the Contractor by virtue of this Agreement, which is identified as proprietary or confidential information, will be safeguarded by the Contractor and shall not be disclosed to any individual or organization without the prior written approval of the RCUH. All information, data, or other material provided by the Contractor to the RCUH shall be kept confidential only to the extent permitted by law.

5.14. OWNERSHIP RIGHTS AND COPYRIGHT

The RCUH shall have complete ownership of all material, both finished and unfinished, which is developed, prepared, assembled, or conceived by the Contractor pursuant to this Agreement, and all such material shall be considered "works made for hire". All such material shall be delivered to the RCUH upon expiration or termination of this Agreement. The RCUH, at its discretion, shall have the exclusive right to copyright any product, concept, or material developed, prepared, assembled, or conceived by the Contractor pursuant to this Agreement. The Contractor, however, reserves the right to use thereafter any ideas and techniques that may be developed during the performance of this Agreement.

5.15. PUBLICITY

The Contractor shall not refer to the RCUH, or any project, office, Department, or officer thereof, or to the services provided pursuant to this Agreement, in any of the Contractor's brochures, advertisements, or other publicity of the Contractor. All media contacts to the Contractor about this Agreement shall be referred to the RCUH.

5.16. PAYMENT PROCEDURES

All payments under this Agreement shall be made only upon submission by Contractor of original invoices specifying the amount due and certifying that services requested under the Agreement have been performed by Contractor according to the Agreement.

5.17. PAYMENT PROCEDURES: FINAL PAYMENT (TAX CLEARANCE)

Final payment under this Agreement shall be subject to Section 103-53, Hawai'i Revised Statutes, which requires a tax clearance from the Director of Taxation, State of Hawai'i, and the Internal Revenue Service stating that all delinquent taxes, if any, levied or accrued against the Contractor have been paid. A tax clearance is required on final payment for agreements \$25,000 or more. In addition to tax clearance prior to final payment, the Contractor is required to obtain a tax clearance from the Internal Revenue Service and State Department of Taxation prior to execution of this contract for all agreements \$25,000 or more.

5.18. GOVERNING LAW

The validity of this Agreement and any of its terms or provisions, as well as the rights and duties of the parties to this Agreement, shall be governed by the laws of the State of Hawai'i. Any action at law or in equity to enforce or interpret the provisions of this Agreement shall be brought in a state court of competent jurisdiction in Honolulu, Hawai'i.

5.19. NOTICES

Any written notice required to be given by a party to this Agreement shall be (a) delivered personally, or (b) sent by United States first class mail, postage prepaid, to the RCUH at its address and to the Contractor at its address as indicated in the Agreement. A notice shall be deemed to have been received by the recipient three (3) days after mailing or at the time of actual receipt, whichever is earlier.

5.20. SEVERABILITY

In the event that any provision of this Agreement is declared invalid or unenforceable by a court, such invalidity or unenforceability shall not affect the validity or enforceability of the remaining terms of this Agreement.

5.21. WAIVER

The failure of the RCUH to insist upon the strict compliance with any term, provision or condition of this Agreement shall not constitute or be deemed to constitute a waiver or relinquishment of RCUH's right to enforce the same in accordance with this Agreement.
